

## Think It Not Robbery To Be Equal With God

### If You Have Seen Me, You Have Seen The Father

God wants you and you want God. Nothing in your life is really as all [consuming as your desire](#) to be one with Him. However, there is so much static out there that it is really difficult to be with Him. Plus, you know your imperfect and constantly wonder whether you are worthy of His love.

The truth is, God made you to be one with Him. It is not whether or not He wants to be with you or in you, it is practically the only thing He's thinking about when it comes to you. A [diamond](#), dropped in the mud, is still a diamond. You, even though you have been muddied by the Devil, are still the most precious thing in this universe to God.

## God in us

God loves you so much, He even offers to dwell in you. When the Holy Spirit takes up residence, you speak in other tongues. This is THE SIGN that God accepts you. From that time on you carry a treasure inside you that is worth more than all the diamonds in the world. God is precious and that makes you precious.

Furthermore, we need to recognize how precious we are and give honor where honor is due. Loving each other as the Holy Spirit leads is loving God Himself. Therefore, we need to understand that loving a brother or a sister is, in fact, worshipping YHWH in the way that He

originally designed. Conversely, if you hate your brother, and God is dwelling in him, you are hating on God Himself.

## Let God shine through you

Let me say this plainly, "you need to be Spirit filled". Those who reject the infilling of the Holy Spirit are rejecting God. However, after you are Spirit filled as evidence by speaking in other tongues, you need to allow His Spirit to manifest through you.

Many people, who are [baptised into the Spirit](#), still operate by their natural minds. The Spirit of God dwells in them, yet they still make the decisions on what they do instead of Him. However, once we are filled with God, we need to let the Spirit take over. God does not force us, but if we let Him, He will reveal Himself through us to others. In effect, to the extent that we yield to His Spirit, Christ walks the earth again through believers.

## Think it not robbery to be equal with God

Thus, when we are [fully manifesting God](#), we are His image and likeness. When people see us they see God, when they hear us they hear God, when we touch them, God touches them through us. When that happens, people see God in us and they worship Him. This is why the common people heard Jesus gladly, because God was in Him reconciling the world to Himself. Nowadays,

God is in us finishing that work of reconciliation.

A holy kiss is [God in you kissing someone](#). As you let God reveal Himself in you He kisses through you. It is holy because He is Holy. God, who knows everything, does not kiss someone unless that is what they need and desire. You, essentially, are lending your body to the Holy Spirit to love on another person. When they feel the love of God through you it shakes them to their very core.

## **God in us, the hope of glory**

Put your will to His will. Decide you are going to say yes to [God's still small voice inside you](#). Wake up in the morning and ask, "Beloved, what do you want to do through me today". His will, not thy will be done. [Trust His voice](#) and allow Him to possess your every waking moment. Be a manifestation of the sons and daughters of God and fulfill your destiny. Amen.
